Hi! I'm Pastor Nathaniel Bronner of The Ark of Salvation and I just want to talk to just women today. Man! If you're listening, you can tune me up. I just want to talk to the ladies. Give me just a few minutes. I'm going to tell you something that can potentially change your life and would definitely bless you.

We're getting ready to have our upcoming annual revival and this time, it's a little bit different in what we've ever done. I normally will go into prayer and ask God, "Lord, what do we do for revival?" And each year, he's given me something different. And this year, I was surprised because he said, "I want all females." Three women for three nights and he says, "The people who attend, the women who attend, I will give them a blessing if they will just do three things." Then I'm going to tell you what those three things are and none of the things involves any money, so you don't have to worry about that. Give me just a few minutes. Listen to what I've got to say and get prepared if you need a blessing, if you need a change in your life, if you need some things work in your life. Let me just tell you what God has prepared for you on Thursday, Friday, and Saturday, October 22, 23 and 24 2009 here with The Ark of Salvation and any times, you can AirJesus.com. You'd be able to click on upcoming event and read all about it. Listen to this message again if you need to, but I just want to tell you what God has in store for you.

Women only and Men if you're listening, you're welcome to come but this is particularly for the women. God told me the blessing would be for the women, not for the men. You're welcome to come, but I'm talking to the women right now. Well men just pause if I'm talking to the women. You'll say, "Women only." I'm talking to the women right now.

God said if you do three things, I'm going to impart a blessing to you. You know first of all, we're going to have three different women on three different nights as October 22, 23, 24, Thursday, Friday, and Saturday at 7 PM.

Let me just tell you about the three women. This is not in the order in which they're going to appear. I'm just going to tell you about the three women.

I have to first of all tell you a story, so you can kind of understand how blessings and seeds can be implanted and imparted unto you that may take longer than you think to manifest.

I was in my early 20s. I was at Regency Hyatt House Hotel. I was in the Phoenix Ballroom. I was at an event called "Word Prophecy and Healing." It was the three-night event, the first night being word, the second night being the prophetic and third night being healing. It was during the third night. I was sitting down the audience and the reason that I was there was really because my mother had made me come, ministering was absolutely nowhere. You know some things you all do

some stuff and your mom will just make you do it. Well that was one of those cases. I was there because mama told, "Boy, I want you to come to this thing." That is why I was sitting there in the audience. There were perhaps a thousand people in that ballroom that night, on the night of healing and there was a lady who would come from out of town from out of state and she had with her about six or seven people and it was a healing team. And they had called for all of the people who needed healing to come up, whenever there's a long line of people who would come up and the healing chamber is just laying hands on and just praying over the people. And all of a sudden about two-thirds to the way through the program, the later, the lady, the leader her name was Cookie Rutledge. She just stopped. She just stopped. She turned around. I was sitting there in the middle of the audience, and she pointed to me she said, "You right there, you."

And you know how it is sometimes when you're just sitting there and you look around saying, "Who in the world are they pointing too?" And then they say, "You, you." And she did it for me to you know to stand up and to come there. So I got up and I was thinking to myself, "What in the world does this lady want? I'm not sick. I don't have anything wrong with me. What does this lady want?"

She called me down front and then she said, "I want you to lay hands on these people for them to get well." And she took her whole healing team, all six, seven other people. She took her whole healing team and they all went and sat down and left me standing up there with that long line of people.

Now understand this, ministry—I was at that time, I believe I was making R&B music. I understand that ministry was nowhere in my thought, in my pattern, in my—I'm just wondering. I'm standing up there wondering, "What in the blankety blank is wrong with this woman.

She said, "You lay hands on all these people." And everyone one of them went and sat down and left me up there with their long line of people. I had one or two choices, I could either just go back and sit down and said, "I'm not fooling with any of this, this is crazy." But I said, "Do as the lady has said." But the problem was mama was looking at me. Do you all understand that? Mama was looking at me. From mama had asked me to come down, and mama was looking at me so I really didn't have any choice but to go ahead and do what the lady said. To this day, I don't know what happen to those people. I've been perfectly honest. I haven't had—I don't know what happened to all of those people who I laid hands on. I just absolutely have no idea but I did what the lady said. I laid hands on the people and said, "Be healed in the name Jesus" and went right on down the line." That's what I did.

Now fast forward, 20 or 30 years later and here at the Ark of Salvation, we had begun God Heals and ones every month, we have a healing service here. When I

knew that God had led us to begin the God Heal Service, guess who I called? I called Cookie Rutledge. I had to go find her from somebody to find out where she was. She was in Fort Wayne, Indiana. She pastors the church with her husband in the Fort Wayne Christian Center and she actually—when I called her I told who I was. I said, “Look, you called me out of the office, out of the audience some 30 years ago. Had me laying hands on folk, now I’m a Pastor of a church, getting ready to start a healing service, getting ready to do in the spiritual and in the flesh what you saw me doing 30 years ago. I said, “I just wanted to call and talk to you.” And she told me that she conducts training classes in healing.” And she says, “I’m going to send you some of my CDs. She sent me some of her CDs. I remember I was out jogging one day, had the CD on the little iPhone and I was listening to the CD. And it was a healing CD and when I heard it, I knew that I needed to do something like that for God Heals.

Again fast forward, about two weeks ago, I was at a speaking engagement and after the engagement, I wasn’t the speaker someone else was a long line of people were there in front of me wanting to talk to me. And everyone one of the people had a testimony about the healing CD. They were telling me the healing CD did this. The healing CD did that. I had the healing CD. A prophet prophesied over me, I was going to get a blessing in 10 a days and the lady said, “On the ninth night, the CD was in my stereo.” She said, “The CD just popped on by itself and started to play and I got testimony, after testimony, after testimony.”

The reason I’m telling you this, there was a blessing and there was a C-planet by Cookie Rutledge that was almost 30 years ago and it took that long for the thing to come up to blossom and to manifest what I could see it and what I can understand. God has told me that for women who attend this revival, he’s going to give you a blessing if you do the three things. And I’m going to tell you what the three things on just a minute.

What Cookie Rutledge, Pastor Cookie Rutledge will be one of the people who will come and I’m not sure what the three women will talk about because I have had told them what to talk about and I’m not going to tell them what they’re going—I don’t know whether Cookie Rutledge will hold a healing session. I don’t know whether she will just talk with you. I don’t know what she’s going to do. I don’t know what the other two are going to do, but I do know you’re going to be blessed and you’re going to receive a blessing if you do those three things.

The second person that we’re having is Pastor Patricia Sands. She’s out of Saint Petersburg Florida. She is the wife of Bishop Sands and she’s going to be here. And the way that she got here is somewhat unusual. I was talking with my wife and I was telling her what God had spoken to me, three women, three different nights. I told her “I knew who two of the women were, but I did not know the third.” And my wife said, “What about Patricia Sands.” And she said that because she said, “I’m

really impressed with this woman” and when my wife said that it meant something because to be honest about it my wife is just not impressed. We did a whole lot of folk. Do you all understand what I’m saying? She’s not impressed with a whole lot of folk but she was impressed with the woman. I was impressed with the woman so we’ve contacted her. She’s going to be here for the revival.

The third woman is Dr. Karen Betaudier. Now, she is just—this is her latest book called, “Expect the Unexpected so Dr. Betaudier will be here on one of the revival nights and she will be speaking to you and I’ll tell you just ask what the title of her book “Expect the Unexpected.” And I truly believe that if you come to this revival—this is women only. God didn’t tell me that the blessing would be upon the men. This is for women. If you come to this revival and you do those three things. You’re going to ask, “What are the three things?”

All right, this is what God said on the three things. Number one be here on time. For those of you—if you’d ever come to our God heal session, we seal the door at 7 PM. That’s one thing—don’t ask me why—I don’t know, but God said at 7 PM seal the door. You’ve got to be here in the sanctuary on time. Now do the revival we’re not going to seal the doors, if you’re late you’re just late.

But he said, “In order for you to get this promise blessing, you need to be here on time.” And I kind of understand why God wants you to have as much respect for his house as you do with anyone else. You get your job on time. You get it in anywhere else you want. If you’re going to a concert, if you’re going to play, you get there on time. You can get anywhere else you want to go on time. God said, “You’re not going to get everybody else on time but get their early and come and disrespect my house.” So He said, “Be here on time.”

So when 7:00 every night comes, be sitting inside of the sanctuary and see for some you, you just don’t get a major blessing just for getting somewhere on times. Some of you had the hardest time in the world just getting to a place on time. God wants you to be in the sanctuary seated, ready to receive on time at 7 PM.

So that’s number one. Just three simple things, number one be on time. Number two; come all three nights. Now I know some of you will say, “Well, I can’t make it all three nights.” I’m just telling what God spoke to me, all three nights. Let me give a parable or an example to kind of illustrate what I’m talking about. If I told you that everyone who got here on time and came all three nights will get \$5,000.00, all of a sudden you’re scared you get freeze up. Do you understand what I mean? All of a sudden, now you can make it.

So if you can make it for the promise of money, why can’t you make it when God said he would give you a blessing that would be far beyond, why can’t you make it then? So that’s the second thing and I said, “I’m not asking for any money. Number

one, be on time; be inside for sanctuary. We're not going to lock the door. If you're late, you're just late but be on time, be here all three nights.

And the third thing he says is this, "Pay attention, pay attention." Just when you come into the sanctuary, we're going to have—I'm going to have to put right outside—right when you're coming, I'm going to have a problem basket. And what I want you to do with this; I want you to write down all your problems. You don't have to sign them so nobody will know it is you. Write down all your problems and when you get to the Ark, I want you to drop your problems in the problem basket outside. So that when you get here you will be able to pay attention and instead focusing on your problem, focusing on stuff when you walk and turn your cellphone off but only when you just turn it on vibrate.

You know sometimes we get on vibrate; we are just vibrating all the time. You're texting and you just turn it off, pay attention. God wants you're undivided attention. He wants you to be here on time. He wants you to be here all three nights. Everyone one of the speakers is going to have a part. It's like what happened Naaman when he hit the leprosy and the prophet told him to go deep in the pool seven times. If he could just dip six, he would have never gotten the blessing.

So be here on time, be here all three nights and just pay attention when you get here and I'm telling you what God told me. For the women, you're going to get a blessing and it may even bless the men. I had a young man. He worked here at the church. He's one of our staff, a video staff and he's been at the church and almost as long as I have. He's been one of the most faithful members we have just diligent. But he came to me a couple weeks ago and he said, "Pastor." He said, "I just bought a brand new house." He said, "I just bought a brand new car. I have a good solid job. I'm in church every time the door is open. I don't go to clubs. I don't go at the parties." He said, "I've got everything I need in my life but a wife."

So and he's never been married. He has no children, so you don't have to worry about baby mama drama. You all know what I'm talking about so for some—and I told him absolute, the revival is coming up and this thing is primarily for women. I said, "You need to keep your eye out." That you're working the video, you need to look through that video camera—so I don't know what kind of blessing you're going to get.

But I will tell you this and I will tell you if God has spoken to me, if you do those three things and tell me, "Well Pastor, what if I'm only a minute late?" I don't make through. I just tell you what God told me. You be here for \$5,000.00. You would be here for a thousand dollars. If you do it for that, you know the song that goes, "I'd rather have Jesus than Silver and Gold." Well get here on time, all three nights

and pay attention just as if I was giving you silver and gold and watch the blessing that God is going to have for you.

We're going to have a special musical guest, Brother Ed Evans who is a Gospel recording artist. This is his CD here. And Ed Evans, he had a particular song that when I heard him sing it, I really liked the song. The title of his CD is called "Sanctified Woman." And the whole theme of this song is that he is a God fearing man looking for a sanctified woman. For women who are listening to this right now, I want you to be here. I honestly and truly believe from the depths of my heart God is going to provide that blessing just to those three things. Now, it won't cost you a dime. Be on time, be here all three nights and pay attention.
