Female: And now for 5730, The C.H.E.F. In The End, Part 4.

Nathaniel Bronner: Today, I am going to be talking about money, finance. And for those of you who need a change in your money, a change in your finances as I have done with the prior three messages in this series. God says, "To heaven anointing at the end of each message dealing with the very thing the message is talking about". So, today, at the end of this message, will be an anointing for your finances. But I heard God speak this, "They've got to listen or watch the whole thing." So, for those of you who are watching electronically, if you're watching this on television and more than likely, the entire message will not fit on television, just go to brothersoftheword.com and click on the series called, the C.H.E.F. In The End and you watch the full message dealing with finances, and I believe the electronic transmission will transmit that anointing to your finances, but you've got to watch or listen to the entire thing. Because I believe God wants your money in good shape, just like He wants every other area of your life in good shape.

So, today, we are going to be talking about money and your finances and money for some people may seem like an evil subject, but people I'm here to tell you, you need yourself some money and I have seen so many problems and so much pain and so much misery, because folks' money is messed up. And it's just liked your health when I talked about, there are three levels of health, there are three levels of relationships, there are three levels of spirit, and there are three levels of money. And just like with the levels of health, there are three levels of money, you've got to mess it up, you've got to medicated and you've got the magnificent. And I want your money to be magnificent, because I don't want anything to do with messed up, I don't want anything to do with medicated, I want all my stuff magnificent. I'm just going to tell you the truth, I am not going to lie about it. I don't want anything

to do with no fancy testimony about how I was messed up and if, I mess up, I went testimony, but I prefer not to have it. Stay magnificent, stay tuned and God is going to tell you some things today about your money.

Bow your heads. Dear Heavenly Father, I just thank you today. Lord, I thank you today for my money. I have never publicly thanked You for my money, but I thank you today for my money. Lord, you have blessed me with money and you have blessed me with money just almost more than I need, I'm not ashamed of it because it comes from You. So, Lord, I thank you today for my money and I pray today that as these words throw over the people, Lord, that you shall also bless their money. That from this day forward, there shall be a change just in their finances, a change in what's in their pockets, a change of what's in their wallet, a change of what's in their purse, a change of what's in their bank account.

So, Father when they go the ATM, Father and the press up, check my balance, Father, it won't come in the red and the negative and they're overdrawn, but it will come up where they will be able to look at their balance and say, "Whoa, thank you Jesus." Father, I pray right now, that today shall bring a change in the area of money and in the area of finance in the name of Jesus we pray, Amen. Welcome to Brothers of the Word, because brother, you'll need, the Word. And today, we are dealing with the fourth and final message in the series called, "The C.H.E.F In The End".

00:05:00

And this series, it stems from the verse in Isaiah Chapter 46, Verse 10, where God speaks, declaring the end from the beginning and from ancient the times, the things that are not yet done. The C.H.E.F. In The End. And C.H.E.F is an acronym, that stands for Children, your relationships, and looking at who you marry will determine what your children will be like children. H stands for health, as the three levels of health, messed up, medicated and magnificent. E stands for eternity, the most valuable thing of them all, eternity. And even this C.H.E.F. hat, this red hat that I have on, represents the chef, but it represents the blood of Jesus that should be over our lives. And today, the final letter in C.H.E.F., F which means, finances. And so, many of us have so many challenges in the area of those finances.

Last week I was listening to the Book of Exodus. I listened to the Bible speaker at the biblespeaker.com even when I'm driving. And the Book of Exodus, Chapter 25, was playing and I want just read an excerpt from that chapter. "The Lord spoke to Moses, tell the Israelites to take an offering for Me. From every person motivated by a willing heart you are to receive My offer. I had never seen that. God says, "Take an offering for Me, but only take it from every person motivated by a willing heart." He said, "I don't even want money from a stingy person who don't even want to give to Me. Just take it from every person motivated by a willing heart, you are to receive My offering. This is the offering you are to accept from them: gold, silver, bronze, and if goes on with all the other stuff.

Verse 8 in the 25th chapter. "Let them make for Me a sanctuary, so that, I may live among them, according to all that I'm showing you, the pattern tabernacle and the pattern of all its furnishing, you must make it exactly so. They are to make an ark of acacia wood. Its length is to be three feet nine inches, It's width, two feet three inches and height, two feet three inches. You are to overlay it with pure gold, both inside and outside. You must overlay it and you had to make surrounding border of gold over it. You are to put in the ark at the testimony that I will give you.

Next is this 25:17, "You are to make an atonement lid of pure gold. Its length is to be three feet nine inches and its width is to be two feet three inches. You are to make two cherubim of gold. Exodus 25:21, "You are to put the atonement lid of the ark and in the ark, you are to put the testimony I am giving you. I will meet you there. And from above, the atonement lid from between the cherubim, that are over the ark of the testimony, I will speak with you about all that I will command you for the Israelites. Exodus 25:23, "You are to make a table of acacia wood, its length is to be three feet. Its width one foot six inches and its height two feet three inches. You are to overlay it with pure gold and you are to make a surrounding border of gold for it. You are to make a lamp stand of pure gold. You are to make it seven lamps and then, set it's lamps up on it, so that it will give light to the area in front of it, its tremors and its trace are to be of pure gold."

"About 75 pounds of pure gold is to be used for it and all these utensils. Now, be sure to make them according to the pattern you are shown on the mountain." And God said, He said, "By 75 pounds of pure gold is just for the lamps and the utensil." Do you

know how much 75 pounds of pure gold? I looked it up, gold is about \$1,200.50 an ounce, that's about \$20,000 a pound. So, 75 pounds is about a million and half dollar just in the utensils and lamps in the church. All of the tuff overlaid with pure gold And the ark which contains a testimony, atonement lid, two cherubim, table for the bread, the lamp stand, and the lamps for light. God says, "I will meet you there." And from above the atonement lid from between the two cherubim that are over the ark of the testimony, I will speak. I will speak was speaking from gold. Get all that stuff overlaid with gold.

Last week he had our Rosh Hashanah service. Rosh Hashanah is the Jewish New Year.

00:10:00

It's God's calendar and we were here that evening at sunset and we have a service to bring in the New Year. And I had a major revelation after that service. It was my first revelation of God's New Year. My first revelation. I had just finished listening prior to that chapter in Exodus and I had realized how much of the stuff the temple God had covered in pure gold. And my first revelation of God's New Year were the seats in the ark. God commanded the fabric on those seats. And I remember, as we were doing some remodeling in the ark and I was standing here after service and the lady named, Arlene Morgan walked up and she had on a shawl or a sweater, and the sweater was made what look like of pure gold, it was shimmering with a gold specks all in it. And I heard God speak, "That is the fabric that shall cover the seats." Now, the problem, you all say, The problem." There was no such seat fabric like that anywhere we could find on the face of the earth. None. We have to take the sweater and she gave me the sweater off her back.

We had to take that sweater, cut it up, and send it off to varying fabric makers and we had to have one after another trying to match that, and one after another, so we can't match it. And finally, there was one fabric company called, The Ark who could match it. They matched the fabric and they tested the fabric. Those seats, the fabric has been on it for 5 years and it looks brand new. They tested it to hold up and they said, "This fabric, we guarantee will hold up at least 50,000 sit on So, you can sit on those seats and get up and get at least 50,000 times before it begins to wear. But the thing that hit me is this, God commanded

that the very seats where you sit be covered in gold. And I said, "Whoa." He commanded the very seats where you sit be covered in gold.

And oftentimes, when I'm talking with my mother on the phone, she'll bring it up over and over and over again. She says, "Son, that sanctuary is so beautiful, it's so pretty and the seats are covered in gold." And one night I was talking with my mother and I just heard God speak, "You go sit in the sanctuary and take your mother with you." I said, "Mother, God just said, 'Come sit in the sanctuary.'" She said, "Now?" She's laughing and she said, "Well come get me, I'm ready." And we came here. We just sat in the sanctuary and just looked how beautiful. But the seats, where you sit and to thing that shook me, I said, "The seats were the congregation sit, they're covered with that special gold fabric." And the pastor's couch is not. So, I called Susannah. I said, "Suzan, since you contacted that fabric company and since we can get some more of that fabric, I want to cover the pastor's couch with that same fabric because I want to sit on what God has commanded you to sit on. But, He's commanded you to sit on literally, gold covered seats.

And I want to talk to you today, when I realized where you were seating, that you are seating on gold. God has spoken, He said, "That's all I want you to talk about, where they're sitting." You are sitting on gold and you don't even realize it. Now, our television cameras are geared where they only point forward. We've got two cameras on the left and the right, and they're on automatic, motorized thing, but they will not turn around where you could see the seats. So, for those of you who are watching by televisions, those who are watching by stream, I can't show you the seats. The only way you can even see the seats, you got to get your behind up coming here and sit in them.

So, that's some of the first principles. Some of the first principle is, you have to go where the anointing is. You got to come sit in these seats and the seats of gold. And there I think, there's something that'll happen when first of all, you realize where you are. And when you realize you're sitting on gold. See, some of us have so much potential, so much in us, we just don't even realize where we're seating. So, God said, "That's all what I want you to talk about is, where they are seating." And when you realize that, it changes somethings.

The dictionary definition of finance it's actually, first of all, a verb. It means,

00:15:00

to supply with money or capital. When you go and finance a house, or you finance a car, it means, to supply. And do you know where our supply comes from? Our supply comes from God, but if our supply comes from God, why are we running short? Because I can tell you this, "God is not really short of money." If He owns a Catalonia thousand hills, and God owns the universe in the palm of hand, He's not running short of money. So, why are we running short of money? It's not because God's supply is not there, it's because we don't realize where we're sitting?

Now, you don't realize you're sitting on and sitting in gold, but you sit in the midst of it not even realizing what God has commanded, what He has placed you in the midst of. I'm not first of all criticizing any other church and they're sitting on some metal tin chair. There's nothing wrong with that. I got nothing to do with that. You're sitting on gold. Surely, the pastor got nothing to do with that. I have nothing to do with what other churches are sitting on. All I got to do with and all I'm talking you about is, where you sit. See, that's the first thing you to. Don't worry about where anybody else sits. You focus on where you're sitting, and what God has given you. You are sitting right now in and on gold. And when you begin to realize that, it'll change what you have manifested in your life.

Second meaning of finance. The noun, is the management of revenues. First, is the supply, second, is the management. But I tell you people, God has placed you in the midst of your own life of virtually an infinite supply. If you can just tap into it. Deuteronomy, Chapter 8 is a verse that we've heard so many times 17:20, and it says, "You may say to yourselves, 'My power and the strength of my hands have produced this wealth for me. But remember the Lord, your God, for it is He who gives you the ability to produce wealth.'"

Now, we say that verse and we've heard that verse over and over and over again. It is God who gives you the power to produce wealth. Because all of us, or at least, a vast majority of us, want the wealth. I want the wealth. I'm not going to -- but I want the wealth. So, we know the verse, "For it is He who gives you the

ability to produce wealth.” But let me take all of that first. “And so confirms His covenant which He swore to your forefathers as it is today.”

Now, verse 19 is what we never talk about. This is the verse after verse 18, that talks about, “It is God who gives you the ability to get wealth.” We don’t talk about 19. “If you ever forget the Lord, your God, and follow other gods and worship and bow down to them, I’ll testify against you today that you’re surely will be destroyed. Like the nations the Lord destroyed before you, so you will be destroyed for not obeying the Lord, your God. That’s the first we don’t talk about. We talk about when God is going to give us the money, we don’t talk about when we are not obedient after He gives us the money.

There’s a part where you have to understand with this, there is a responsibility that goes when God blesses you with the resources. This is a bountiful time. It is a time that, seven months ago was prophesied to us, that this month would produce a great breakthrough. And we’re seeing the manifestations of that in several areas. But people, I want you to realize where you sit. And just even as I look at my own world, my own finances, the company that I am entrusted to manage, we’re breaking records. We have record sales, but let me give you the background of where that came from.

Back in ’06, God spoke to me and He said, “I want you to do a seminar on health and you shall do it in June.” And this was back in 2006 and I told my brother James about it, who was business partner, and I began preparing for a 3-night seminar, it was called, FAT2Fine: THE SPIRIT OF WEIGHT LOSS. And God said, “You shall charge a minimum of \$29.95 for it.” It’s the first time we’d ever charge for any admission to the church. So, I went on television, I advertised to all you folks, and it would cost you \$29.95, this is all that is to it. You’re going to pay \$29.95. We had a packed house for three nights. There was a standing ovation for all three nights.

00:20:00

And James said, “You need to include in that a detox product.” And he had found a good one, he said, “You need to tell the folks.” I said, “I am not telling the folks by that detox, we’re going to make our own.” And that’s exactly what we did. That product is

called, The Cleaner. This year, we will sell roughly \$5,000,000,000 of the cleaner, that's where it came from. It came from a Word of God that told me to do one thing, but out of that one thing, because I was in partnership with my brother came another thing. And God didn't tell me the thing that was going to produce the money, He just told me to do one thing. I had no idea it would be connected to something that will produce millions of dollars. I had no idea.

I was in prayer a few months ago. In the early morning hours and Pastor James had developed a product, a matter of fact, he developed the product in that same year, 2006 called, Vitarol and it's still the most awesome multivitamin on the market. The problem is, we weren't selling hardly any of it. We would have discontinued the product, except it's the product we take. Pastor James take it, I take. We would have discontinued it, because we just weren't selling hardly a hundred bottles a month. We just weren't selling any of it.

And I'm in prayer one morning and God speaks and he said, "The product that you have called, Vitarol, if you change the name, it will do much more sales than what it's currently doing." And He said, "You already have the name and you already have the domain name." So, I went to research, I put out all of the domains that I owned and looked down to see what could possibly work? What could be the domain name for this product and I looked at all of the domain names pulled out possibilities and asked up people and so finally, we chose a name called, Years Plus and that's what we name the product and we were getting ready to put that out on the market and I was talking with some of our salespeople and they said, "We have a few people, they ordered Vitarol every month, they're not but a few, but they order it every month." I said, "Well, call them up and ask them why are they buying this product."

That's why you have to do research and when they called up the folks, they came back to Mr. Bronner. All of them said, they're buying it for one purpose. They're buying for the multi thin component in it. A light popped on and I said, that's the name. So, we changed the name to, Multi Thin. We just completed a test in stores of the sales of Multi Thin. It has outsold any product we've ever tested. It's going to do more than the cleaner, but it came from a Word. We already had it. We're already seating on it, but it was doing nothing. See, some of this stuff, you already

got it, you're sitting on it, but it's doing nothing and you're doing nothing. And as a result, the manifestation you're getting are nothing. It said, "You got it in you, you got it, that you're sitting on it, but you're doing nothing and you can't get what to do, because you don't have an open line of communication with God." And it is He who gives you the power to get wealth.

Now, we worked, we thought, we put our brains, but we couldn't get a thing going until the Word came from God. And God didn't tell us the name, all He said, "You got it and you got the domain name." We had to go through the process and the work of trying to figure it out, but without the Word from God, it would have been nothing. And it's that way in your world and why many of you are in the position that you're sitting on gold. You got the product or you have the idea or you have the talent, you're sitting on gold, but what you don't have, is the connection. And that's why God says, "I've covered all these stuff with gold and the purpose," He said, "I will dwell among them." And I will tell you that you can't hear a word, because he's not dwelling with you and he's not dwelling among you, because you're not trying to even communicate with Him.

And you got to give God some time and that's why in every instance, when He is instructed me, it was in the early morning when I was giving God some time and this morning as I was up in my office and I was putting the finishing touches on, I walked past the mantle and there's a fireplace in and I saw the shofar there and I was just led to pick it up and blow it and it was early in the morning, everybody else in the house is asleep. And I said, "Lord, I blow the shofar, it's going to wake everybody up." My lump of sugar is going to get mad. "When and why are you doing and making all that noise?" And whether, I knew it. But I was just led to blow the shofar.

So, I picked up the shofar early in the morning. And see, some things when God will tell you to do, is going to upset some folks. They're not going to understand why you're making a joyful noise. They're not going to understand. But you're going to have to do it if you want what God has for you. If you want to be able to mine the gold out of where you are, you're going to have to do some things that folks are not going to understand and they were upset, but it will also wake them up.

Sometimes God has to make a noise in the middle of the stillness to wake some folks up. To wake up some things inside of you. So, I picked up that shofar early in the morning and put it up to my mouth and blew and the thing about it, the sound was so clear and pure it scared me. I've only had that happen once. Before, I went over to Pastor James' house and for some reason, I was led to go over his house and I walked indoor and put it and blew, and it was the purest note I've ever blown. There was no flutter. It was the same way this morning in my house.

See, sometimes you've got to do for another man for what will comfort you. That's why Joe could not get his breakthrough until he prayed for his friend. Some of you all got to do for your brother or your sister before it's coming to you. So, I put that shofar up and I blew it and the note was so clear. I said, "Whoa!" and I heard God said, "You shall blow it a total of three times." I put it back up to my mouth, I blew it again. It was just as pure and just as clear. Now, you know, when I blew the shofar on Rosh Hashanah last week, it was -- that thing went -- you know, it wasn't the best in the world at all. Before I blew it the third time, I said, "Let me record this thing." So I put my phone up on the metal and pressed the audio recorder button, it was the worst of the three. But it was still amazing. I went to AV department, pulled up that file that says, "Shofar." This is the third one that I blew this morning just playing all the way through turning up load. I want just that sound.

And that was the worst one, that was the worst one. So, after I had blown the shofar, I felt the thing go all over my house and I'd tell everybody who's in my household that there's a change. Even Rico and Dell are going to feel it. Who is Rico? That's the birds. The birds going to feel it. See, when God's anointing gold, all creation feels it. And I was in the shower this morning and I was thinking to myself, I said, "Wait a minute Lord because I think about stuff." I analyze stuff, I really do. I said, "Wait a minute, Lord." I said, "That was only three blows of the shofar." I said, "Six folks in my house. I have four boys, my wife and myself." I said, "Six folks." You only had me blow the shofar three times." I said, "What about the three folks?" Who are these three blows for? I can understand if You had just had me blow it one time and cover everybody, but you had me blow it three times. Why didn't you have me blow it six times?

So, I was there naked. Sometimes, you just got naked to hear from God. Most of the time, I do prayer early in the morning, I'm naked and there's nothing wrong with that. The prophets stripped naked when they prophesied back in the Old Testament. I'm not going that far, but I was naked when I asked God these questions. "Why only three times and there are six people in my household?" And I heard God speak this. "True power comes in pairs." And I begin to think about that saying. I said, "Lord, even in the Old Testament, it was Aaron and Moses, two brothers." Even in the New Testament. It was Jesus and John. Two first cousins. Every single disciple that you sent out, they were either the brother pairs or you send them out in pairs. You never send them out alone. God said, "True power comes in pairs."

Even in the business that I'm in, they're breaking all kind of records, it's myself and my brother. So, it's true power comes in pairs. And I thought about that thing and there were three pairs in my house and among my four children, they are divided into two pairs. There is my first born, Nathaniel Hawthorne Bronner III and there is my second born, Josie Daniel Bronner. And they have formed a bond. As a matter of fact, when we recently had the study right before Rosh Hashanah, and I had them go through it all and make goals of what they wanted to do, my first and second born both had the same physical goal to achieve. They were united together. I want them to come down here. El, who is Nathaniel Hawthorne Bronner III and Josie Daniel, come on down here. I want them just to see two brothers passing their true power, is in pairs.

00:30:00

And then my third born and fourth born, they're very names were spoken together. When my wife was pregnant with Christian, and we didn't know what his name would be. I heard God speak, "Christian and George." George was not even conceived and Christian was still in the womb. Now, the challenge is this, of my four boys, the two that have the biggest rift are Christian and George. Come on down, they just seem to upset each other. Even at the study last night, Christian was poking George and George said, "He's bothering me again." But yet, God spoke their names together, Christian and George. Now, this is El. Come on up, so that they can see you. This is El and Josie. This is Nathaniel Hawthorne Bronner III and this is Josie Daniel Bronner, and they have never had an argument. They're on one accord. We'll let me

put it like this, their daddy has never heard them with an argument, that's more accurate.

True power is in the unity. That's why the Bible says, "One can put a thousand to fight, but two can put 10,000 to fight." There's something that's 10 times more. And see, this is the key to your money. Some of you your money is messed up, because your unity is messed up. Your unity is messed up between you and God and your unity is messed up between you and your brother. Your unity is messed up and your money is not going get right until your unity get right both ways. That's why the cross, it goes up and it goes across. It goes up and it goes across and sometimes people, both of them will be messed up. That's why Jesus said, "How are you going to love God whom you have not seen and you don't love your brother whom you have seen?" So, you see your brother every day and some of you haven't seen your brother and your sister in ages, because you are not talking.

So, your money is blocked, because your relationship is severed and you have to get connected to heaven and you have to get connected on earth. See, money comes from relationships; it really does. All money in one form or another comes from relationship. Your relationship between supplier and customer. It comes from relationships. So, here my two sons, unity and the power of unity and if you all stay together. That's why Bronner Brothers is setting records, next year will be our 70th year in business, because my father and his brother remained together in business. When brothers can stay together; "Oh, you can turn the world upside down when you are in unity with somebody."

Now, where is Christian and George? Christian and George. These two, their names were spoken before they were born. And God spoke them in one breath and it took me a while to understand the meaning of that yet, in the natural right now, they have some issues, they have some issues. But this is Christian and George. Do you all have any issues with each other? Yes, make it loud.

Male: Yes.

Nathaniel Bronner: Yes. They've got some issues with each other. But God spoke. Now, if you notice here, they got on the same colored tops. See, they're in unity and don't even know it. And they didn't know anything about this today. But God spoke their names together

before George was conceived and while Christian was still in the womb.

If you going to change relationship with finance and money you have to change relationship with each other. And when you get in unity, there is a power. Now what I want you to do, I want you all to first of all look at each other, because sometimes, I here George, George sometimes will turn to his momma just upset and he will say, "He looking at me. He looking at me." Not touching him but, you know, you know how children are. They have this look and they know that Christian knows that if he looks at George a certain way, it irritates George and George just turns to his momma saying, "He looking at me. He looking at me." And it upsets him. But I want you all to change the way you look. Now look at each other and your brothers, the blood of the same DNA flows through your veins. Look at each other. Now, I want you to shake hands with each other. Then I look, don't look at me; look at him.

00:35:01

Now, I want you to hug each other. And I have not told them anything about this. But what I want them to do right now, in front of everybody is to make a verbal declaration. Jesus says, "How can you love God whom you have not seen and you don't love your brother whom you have seen. First of all, I want you all to tell each other that, "I love you; I love you." Amen, amen, amen. Say it three times, say it three times. -- All righty, all righty. You all give each other a hug and you all can go sit down. -- Amen. And people so many of you are at odds with those who share the very blood. And though we are covered by the Blood of Jesus, when you're at odds with those and the same blood runs through your veins, it creates a curse and the blockage. And even when you are sitting on gold you can't get the gold out of the ground. You can't get it into your life, because of the blockages.

So, I have to make three shofar blasts. One, for the pair of Nathaniel Bronner III and the pair of Josie Bronner, one for the pair of Christian Bronner and George Bronner, and one for the pair of Nathaniel Hawthorne Bronner Junior and Stacy Symone Bronner. Because husband and wife are so often split and not on one accord.

My daddy told my mother before he married, he said, "If I can just get one person who thinks as I think and who is in unity, there is nothing in the world that we cannot accomplish." But that's not easy. But if you can get in unity, the gold will start opening up in your world.

(Music playing)

You're sitting on it already. It's there. It's in the sit where you're sitting but it's blocked and you have to get things right between you and God and then, you and your fellowman or woman and when you do that, finances will come. And God will speak a Word that will quicken and all He has to do is just speak a direction and that thing can become millions or billions and it changes your world.

Most of you don't need millions, thousands will do it. God knows and He's got it. All he has to do is speak it. But what good does it do for Him to speak it and you're not listening. I have a feeling, some you God has already been trying to speak it to you, but you're not listening. And he's going to get you in the position to where you do two things: to where you listen to what He speaks for you to get the gold and then where you listen to what He speaks for you to do with the gold. Because of you just want to get it, but you don't want to be obedient with it. And if He can't trust you now, what makes you think He can trust you with it. If He can't trust you with a \$100, what makes you think He can trust you with a \$100,000? If He can't trust you with a \$1,000, what makes you think, He can trust you with a million dollars? If He can't trust you with a million dollars, what makes you think He can trust you with \$10,000,000? If He can't trust you with \$10,000,000, what makes you think He can trust you with a billion?

He's got to be able to trust you where you sit and when He can trust you where you sit, He can elevate you and change your world. And right now, it's one minute before closing times. So, I'm getting ready to close out, but I'm going to have the anointing. So, for those who don't want or need any particular monetary anointing at the close, you can get up and go. Service will be over, but for those who want the anointing, for those who are watching by stream you stay in there. But remember what God said, "To really get the anointing you got to go watch the whole thing." So, if you tune in, in the middle you go back and start from the very

beginning; watch everything. Be obedient, because when you get half of what God says, He won't give you any of what He promised.

Dear Heavenly Father, I pray right now, that for those who are obedient you open up the floodgates and you give them out a blessing, they won't have room enough to receive. In thy Son Jesus' name, Amen.

So, for those who want to leave you can go, service is over. We're getting ready to have a separate anointing service, right now. For those of you who need a blessing on your money.

00:40:00

And right now, people, our money is doing well. We're breaking all kind of records and I'm just to believe in it. You can't focus on you just don't have. So, God has blessed us tremendously. Matter of fact, my biggest monetary problem right now, I got a big tax problem. I got a tax problem, because we got the biggest record profit we've ever experienced and I got just a whole boatload on taxes I got to pay, but that's all right. It's better for me to have to pay the taxes from the profit, than for me to get a refund from the losses.

So, I am thankful that God has blessed us just with the profit and I want to spread that on your world, so that your finances become blessed and multiply as you are obedient under God. And I have to ask God, "Look, what do we anoint the people for? Do we anoint their hands?" Because He says, "I'll bless the work of your hands." And God says, "No, no, no." I don't want you to anoint their hands. Or Lord, do we anoint their feet so they can walk? He said, "No, no. I don't want you to anoint their feet." Lord, do we anoint their eyes so they can see? "No, I don't want you to anoint their eyes." I said, "What do you want me to anoint?" He said, "I want you to anoint their ears. So, they shall be able to hear My Words." That's why. even in for the offering for longest, we haven't been telling you what to give, we simply say this, "Bow your heads for ten seconds and ask God, "What shall I give." Just ask Him to speak to you. He said, "You got to be obedient."

You know what He spoke to me? He said, "You give at the level of what you want your income." That's a good as a mogul what? He said, "You'll give at the level where you want your income." See, that's the problem. Some of us want to hear from God, but

we don't want to do it when He speaks it to us. So, I started it doing it. I figured it out, how much I wanted and I began to tithe on the amount I wanted. And that's what He spoke to me., that's not for you, that's what He spoke to me. The point I'm making is this, "You have to be willing to do what you hear God speak unto you even when it doesn't make sense, even when you don't know."

Because in both of the cases, there is produced, our multimillion dollar product and the product that's coming, I didn't understand the whole picture. It was a seminar. I had no idea, it was going to be test and at \$29.95, it was charged for the seminar, is the price of the product. I had no idea those going to be connected. I didn't know the Name when he spoke change. James developed and had been ten years ago. Some of you all have been sitting on something for ten years, and you don't know what to do with it. It has not been blessed, it is not moving and it is not producing a thing, because you don't have God's word in the middle of it. And when He speaks that Word, it changes everything. But it does no good for Him to speak it and you don't hear it. That's why He said, "Anoint their ears, anoint their ears."

Some of the things He's going to speak to you is going to be about relationship and He just may tell you, "Get right with your brother." Don't speak a word about any money. And see, some of you are expecting, "Well, God won't say, invest in this stock or play this lotto number." That's what you're thinking. I know you, I know it, that's what you're thinking. He may not tell you that all. He said, "Get right with your brother." Heal this relationship, get right with your sister, forgive this person. He may tell you something it looks like, it has nothing to do with money. It has something to do with establishing the vertical relationship and mending the horizontal relationships and God may tell you, "You're going to have to get that stuff straight before I can even trust you with My money, because it's all God's money. So, before I can even trust you with my money, you'll going to have to get this straight.

So, I want us right now, for all three of the brothers, to just go by and place their hands over your ears, just over your ears. I know, all of you are here right now, what I want you to do is, come down one by one, stand right in the -- No, He said, "Don't have them standing in the center." He said, "Have them come up in the altar."

You see, all of the gold was actually, it was upfront where the priests were. The difference is, God, got the gold sitting out there with you. But you can't access it, because the connection is not established. So, He said, "Have them come up in the pulpit." So, just come up, just one at a time. Now, you see, I want you to see something, there's a power outlet. This stuff is deep. I hadn't plan on any of this. There was a gold covered power outlet right in the middle of the floor. Come and you stand right over this power outlet. Now, be obedient, do you know folks will not obey. But, they'll come up, they'll stand behind it, they'll stand behind it, they'll stand in front of it, they'll stand with the leg like this, stand right on the gold covered power outlet. So, you stand in the pulpit directly over this gold power outlet.

00:45:08

Now, for those of you who are tuning in to this electronically, what I want you to do, I want you to just to take your hands, open them up and place them over your ears and you just listen to every single one of this anointing, every single one. Some of you goes, "I don't time to sit here." Well, if you don't have time to sit there, then either I got time. I'm not going to argue with you on that. I'm just telling you what to do. But this is the difference between those who often get the blessing and those who miss it. Because it's just a few minutes in obedience. So, this is what God has spoken, you come right up in the pulpit, you stand right on top of that, we're going to put our hands right over your ears.

In the Name of Jesus, Father, we just pray right now, open their ears to Your Word, that's it and I'm trying to (00:46:04). All right, what we're going to do. C Elijah, you stand there, Pastor James stand there. You will come and make a loop. So, C. Elijah, you lay your hands on her and then Pastor James. She will be the only one who won't get all of it on the gold power glove. But C. Elijah will stand here, I will stand here, Pastor James will stand there and you will come around and we will just form a continual flow of people and that's why you walked up, come around and it's a clockwise function.

First, C. Elijah, second me, third, James. And I'm just going to pray, open their ears so they may hear. Dear, Heavenly Father, open their ears, so they may hear. For those of you listening to the stream or the audio, you listen to every single one of these

In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. Amen.

So, bring your children, your children get the same anointing as on their parents. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word.

And I want to pray even for all those parents who bring up babies and children, because the number factor in whether a child hears from God is, whether the parent is hearing from God. So, if you open their parent's ears, that thing increases the probability of the child hearing from God multifold. In the Name of Jesus, open their ears so they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word.

01:00:00

In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word.

She asked me, could she hear the shofar two more times. So, I'm going to do that. So, AV department at the end of anointing after everybody who wants to be anointed, has been anointed, we're going to play that shofar blast two more times.

In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word. In the Name of Jesus, open their ears that they may hear Your Word.

AV department, play that shofar blast two more times.
